## THE FOOTBALL OUTLOOK

Colleges Slow in Selecting Their Varsity Squads.

Wealth of Material Makes the Weed. ing Out Process Slow - Ynie's Strong Center Trio - Harvard's Candidates Not Yet Tried Down-Princeton Now Working Hard.

NEW YORK, Sept. 29 .- As yet it is 100 early to figure upon the prospective strength of any of the hig teams that will struggle for premier honors upon the gridiron during the next six weeks. With the exception of Columbia, all of the coileges seem to have an unusually large number of candidates upon which to draw for male rial, and in consequence the weeding-out process has been correspondingly long

Especially is this true of Yale, where an Columbia's coaches, however, have of Captain Simmons was a blow that wella prompt rally, however, and with Columbia men volunteering from nearly every. The score by innings other athletic organization in the college material for a creditable eleven will doubtless be gotten into shape before Columbia's first real game of the season, that of Oc-tober 13 at Cambridge with Harvard. Where Yale gave no clearly defined

promise of strength two weeks ago, she now promises to be strongest, viz., in her line formation. The recent acquisition of Olcott and Sheldon should, with Brown, give Yale one of the most formidable centre trios that will take the field this year, and, in view of Yale's characteristic style of play, strength here is where it will probably be most needed and called

Yale promises to put up a brilliant back field game from the outset of the season and with such material as Sharpe, Easton, Chadwick, Fox, Keane, and Hyde to try out, Yale will without doubt develop a team that should at all essential points do her full credit during the present sea-

Harvard's policy this season, as heretofore, will be that of keeping a big squad of men in training and ready for emergencies at all times. Wille possessed of ample material, however, the team has ample material, however, the team has been slow in developing. Lawrence Hallowell, and Campbell are thus far the best of the line candidates tried out, and may, barring accident, be looked upon as cerbarring accident, be looked upon as cerbarring accident. The second the contest. The score by barkness ended the contest. The score by tainties. Lawrence and Eaton seem to be the likely tackles and should prove satisfactory in these positions. With Boal among the uncertainties, it still being questionable whether he will play this year, Harvard is is some doubt as to its centre tric. Sargent is perhaps the only man of a tric that can be counted upon, and he did not prove fully up to varsity standard last year. The team, with Daly, Fincke, Balawin, and Alfred Stillman, has some excellent back ma-terial and premises to be very strong there so long as accident does not in-

terfere with its formation.

Princeton is working unusually hard this year to get a strong team together, and under the experienced handling of wards, Hildebrand and Poe from the line renders practical reorganization neces-sary here. High hopes are entertained of Davis, late of Andover, however, and with Hale, De Witt, Brown, Little, Roper, Black, and Captain Pell, may furnish ma-terial from which a formidable line can be gotten together. Duncan, McClave, Mattis, and Levick are apparently play-ing the back positions to Pell's satisfac-

Pennsylvania is weak in the line, and and Woodley. After their game today with Lehigh the material on hand will doubtless be shaved down and a varsity

squad selected. Coach Houghton has not been having an easy time in the weeding-out process at Ithaca. There have been candidates enough, but the men have been slow in getting down and have seemed to lack in cohesion and team strength. Among those thus far sent to the training table are Alexander, Warner, Pierson, Taussig, Morrison, Thom-as, Schoelkoff, Finnucane, Whitney, and Lueder. Captain Starbuck has practically recovered from his injury of two weeks ago, but has yet done no active practice work. He has acknowledged that the team will be lighter in weight this year than he likes, but expresses confidence that it will more than make up the deficiency in speed and good work from back of the line The official schedule so far as made up

September 29-Yale vs. Trinity, at New Haven; Harvard vs. Wesleyan, at Cam-bridge; Cornell vs. Syracuse, at Ithaca; Pennsylvania vs. Lebigh, at Philadelphia. THE FIRST GAME A FARCE.

St. Louis and Chicago Play to a Tie in the Second Contest.

CHICAGO, Sept. 29.-The Chicago and St. Louis teams renewed their struggle for fifth place on the local field this afternoon, the St. Louis team winning the first game, and tieing the second. Chicago went at Powell in the first inning of the first game and, sided by awful errors, piled up seven runs. Having sufficiently handicaped themselves, McGraw's men steadied and, efter a long up-hill fight, tied the score and drove Menefee from the box. Garvin stopped the St. Louisans for two innings, but an error gave an op-

•••••••••<del>•••</del>•••••••••••• Special Prices on

> New Fall Goods for Monday and Tuesday.

The fall season hasn't fairly started-too much warm weather last week to get you in a buying

To start the fail buying with a rush we've made some deep price-cuts for the next two days-reductions big enough to be attractive even at the close of a sea-

Men's Suits, \$8.95, Worth \$12.

Choice of a number of nobby fall styles, fresh from our factory, at \$8.95 for the two days only. They are better than most stores' \$12 qualities-and finer suits than any tailor will make for \$15. Our own make-that stands for all that's good in "clothesmaking." The patterns are new stripes and checks; also some plain colors. Every size from 33 to 44.

Children's Suits, \$2.95, Worth \$4.

This is the nicest lot of children's suits we have ever offered for less than \$3.50. They are styles and qualities that you'll readily recognize as being worth \$4 wherever else you go-and included are patterns suitable for both dress and school. Notice the fit, the trimmings and the clean making, and you'll appreciate the size of the bargain. Sizes 4 to 16.

\$1.69 for Men's \$2.50 Hats.

They are our regular \$2 hats, but as good as any store's \$2.50 grade. This sale means an unrestricted choice from the entire new fall line, both stiff and so't styles, at \$1.69 instead of \$2. You'll find every popular maker's leading shapes among them-and they're much better hats than \$2 regularly buys anywhere but here.

branch of the JOHN WANAMAKER NEW YORK MERCHANT TAILORING, we only show a fragment line. Not a bit of it. You enjoy every facility and possibility of the "parent" house when you

come here. Of course, it is almost past belief that we make a suit or an overcoat for \$20-and build it of the usual \$30 grade. You can trust your eyes. So all the way up the line to \$50.

HENRY L. KAUFMAN.
